

Statement of formulas for calculating amounts to be withheld

**FOR PAYMENTS MADE ON
OR AFTER 1 JULY 2010.**

This document is a withholding schedule made by the Commissioner of Taxation in accordance with sections 15-25 and 15-30 of Schedule 1 to the *Taxation Administration Act 1953*. The formulas stated in this schedule apply to withholding payments covered by Subdivisions 12-B (except sections 12-50 and 12-55) and 12-D of Schedule 1.

For more information:

- visit www.ato.gov.au
- use the PAYG tax withheld calculator on our website to calculate tax to withhold from payments made to payees.

**COEFFICIENTS FOR CALCULATION OF AMOUNTS TO BE WITHHELD
(WITHHOLDING AMOUNTS) FROM WEEKLY PAYMENTS**

Where tax-free threshold NOT claimed in Tax file number declaration Scale 1			Where payee is eligible to receive leave loading and has claimed tax-free threshold Scale 2			Foreign residents Scale 3			Where tax file number not provided by payee Scale 4	
Weekly earnings (x) less than			Weekly earnings (x) less than			Weekly earnings (x) less than			Earnings	Tax rate
\$	a	b	\$	a	b	\$	a	b		
259	0.1650	0.1650	205	—	—	711	0.2900	0.2900	Resident \$1 & over	0.4650
394	0.2204	14.3827	352	0.1513	31.1538	1538	0.3000	7.1154		
980	0.3350	59.5615	414	0.2522	66.7077	3461	0.3700	114.8077		
1221	0.3150	39.9462	571	0.1664	31.1548	3461 & over	0.4500	391.7308	Foreign resident \$1 & over	0.4500

			3455 & over	0.4575	505.2617	3461 & over	0.4650	508.0779

NOTES

- If you have 27 fortnightly, or 53 weekly pays in a financial year refer to page 3 for information on withholding additional amounts from payee earnings.
- Scales 1, 2, 3, 5, 6 and 7 may be applied only where payees have provided their tax file number.
- For Scale 4 no coefficients are necessary. To calculate withholding, apply tax rate to earnings, ignoring any cents in earnings and in the withholding result.
- Where a payee is not claiming the tax-free threshold use scale 1, whether or not the payee is entitled to any leave loading.
- The use of scales 5 and 6 in the table are reliant on the claiming of the tax-free threshold.
- Tax offsets may be allowed only where scales 2, 5, 6 or 7 are applied. Tax offsets include dependent spouse; zone; parent, spouse's parent or invalid relative; housekeeper; and child-housekeeper.
- Scales 1, 2, 4, 6 and 7 incorporate the Medicare Levy. Scale 4 incorporates the Medicare Levy for residents only.
- For scale 7 no Medicare levy is payable by a person whose taxable income for the year is \$18,488 (\$355 per week) or less. Where the taxable income exceeds \$18,488 but is less than \$21,750 (\$418 per week), the levy is shaded in at the rate of 10% of the excess over \$18,488. Where a person's taxable income is \$21,750 (\$418 per week) or more, Medicare is levied at the rate of 1.50% of total taxable income.
- The Medicare levy is also shaded in for Scales 2 and 6. The Medicare levy parameters for Scales 2, 6 and 7 are as follows:

Medicare levy parameters

	Scale 2		Scale 6		Scale 7	
	OLD	NEW	OLD	NEW	OLD	NEW
Weekly earnings threshold	339	352	572	594	342	355
Weekly earnings shade-in threshold	398	414	673	699	402	418
Medicare levy family threshold	29750	30926	29750	30926	30025	31196
Weekly family threshold divisor	52	52	52	52	52	52
Additional child	2757	2865	2757	2865	2757	2865
Shading out point multiplier	0.1000	0.1000	0.0500	0.0500	0.1000	0.1000
Shading out point divisor	0.0850	0.0850	0.0425	0.0425	0.0850	0.0850
Weekly levy adjustment factor	339.0300	352.4800	572.1200	594.7300	342.1900	355.5400
Medicare levy	0.0150	0.0150	0.0075	0.0075	0.0150	0.0150

WHO SHOULD USE THIS SCHEDULE?

If you develop your own payroll software package, this schedule will assist in calculating the amounts to be withheld from payments made on a weekly, fortnightly, monthly or quarterly basis.

Payments include:

- salary, wages, allowances and leave loading paid to employees
- paid parental leave to an eligible worker
- director's fees
- salary and allowances paid to office holders (including Members of Parliament, statutory office holders, defence force members and police officers)
- payments to labour hire workers
- payments to religious practitioners
- Commonwealth education or training payments
- compensation, sickness or accident payments that are calculated at a periodical rate and made because a person is unable to work (unless the payment is made under an insurance policy to the policy owner).

ABOUT THIS SCHEDULE

Amounts to be withheld from payments made weekly, fortnightly, monthly and quarterly, as set out in the relevant PAYG withholding tax table, can be calculated using the formulas and coefficients contained in this schedule.

Separate formulas apply to:

- payees who have not claimed the tax-free threshold
 - payees who have claimed the tax-free threshold and are eligible to receive a leave loading
 - foreign residents
 - payees claiming a full exemption from Medicare levy
 - payees claiming a half exemption from Medicare levy
 - payees who have claimed the tax-free threshold and are **not** eligible to receive a leave loading.
- For general information on PAYG withholding obligations and factors that may affect the amounts to be withheld, refer to pages 10 and 11 of this schedule.

FORMULAS

The formulas comprise linear equations of the form $y = ax - b$, where:

- **y** is the weekly withholding amount expressed in dollars
- **x** is the number of whole dollars in the weekly earnings plus 99 cents, and
- the values of the coefficients **a** and **b** for each set of formulas for each range of weekly earnings (or, in the case of fortnightly, monthly or quarterly earnings, the weekly equivalent of these amounts) are shown on page 2.

❗ The formulas relate only to the calculation of withholding amounts before any tax offsets and Medicare levy adjustments are allowed. Instructions on the treatment of tax offsets and Medicare levy adjustments are shown on page 4.

➤ For general information on withholding amounts, allowances, employment termination payments and unused annual leave and long service leave payments on termination, refer to pages 10 and 11.

➤ Sample data for verifying that the software program is calculating the correct withholding amounts and Medicare levy adjustments are shown on pages 6 to 9.

❗ Withholding amounts calculated using these formulas may vary slightly to those calculated using the method set out in the footnote to the appropriate PAYG withholding tax table. This applies if earnings exceed \$2,500 weekly, \$5,000 fortnightly, \$10,833.33 monthly or \$32,500 quarterly.

ROUNDING OF WITHHOLDING AMOUNTS

Withholding amounts calculated as a result of applying the above formulas should be rounded to the nearest dollar. Values ending in 50 cents are rounded to the next higher dollar. Do this rounding directly – that is, do not make a preliminary rounding to the nearest cent.

Use these rounding rules across all scales except scale 4 (where payee does not provide a tax file number). For scale 4, cents are ignored when applying the tax rate to earnings and when withholding amounts are calculated.

WHEN THERE ARE 53 PAY PERIODS IN A FINANCIAL YEAR

In some years, weekly payers may pay their payees 53 times instead of the usual 52. As this schedule is based on 52 pays, the extra pay may result in insufficient amounts being withheld. Tell your payees when this occurs so those who are concerned about a shortfall can ask you to withhold the additional amounts shown in the table below:

Weekly earnings \$	Additional withholding \$
675 to 1,549	2
1,550 to 3,449	4
3,450 & over	9

WHEN THERE ARE 27 PAY PERIODS IN A FINANCIAL YEAR

In some years, fortnightly payers may pay their payees 27 times instead of the usual 26. As this schedule is based on 26 pays, the extra pay may result in insufficient amounts being withheld. Tell your payees when this occurs so those who are concerned about a shortfall can ask you to withhold the additional amounts shown in the table below:

Fortnightly earnings \$	Additional withholding \$
1,390 to 3,049	10
3,050 to 6,849	17
6,850 & over	37

CALCULATION OF WEEKLY EARNINGS

The method of determining the weekly earnings (**x**) for the purpose of applying the formulas is as follows:

EXAMPLE

Weekly income	\$367.59
Add allowance subject to withholding	\$9.50
Total earnings (ignore cents)	\$377.00
Add 99 cents	\$0.99
Weekly earnings	\$377.99

FORTNIGHTLY, MONTHLY OR QUARTERLY WITHHOLDING AMOUNTS

First calculate the weekly equivalent of fortnightly, monthly or quarterly earnings. Where paid:

- fortnightly – divide the sum of the fortnightly earnings and the amount of any allowances subject to withholding by two. Ignore any cents in the result and then add 99 cents
- monthly – obtain the sum of the monthly earnings and the amount of any allowance subject to withholding (if the result is an amount ending in 33 cents, add one cent), multiply this amount by three and then divide by 13. Ignore any cents in the result and then add 99 cents, or
- quarterly – divide the sum of the quarterly earnings and the amount of any allowances subject to withholding by 13. Ignore any cents in the result and then add 99 cents.

Then calculate fortnightly, monthly or quarterly withholding amounts as follows:

- fortnightly – determine the rounded weekly withholding amount applicable to the weekly equivalent of earnings, before any adjustment for tax offsets. Multiply this amount by two. (See page 11 for tax offsets)
- monthly – determine the rounded weekly withholding amount applicable to the weekly equivalent of earnings, before any adjustment for tax offsets. Multiply this amount by 13, divide the product by three and round the result to the nearest dollar, or
- quarterly – determine the rounded weekly withholding amount applicable to the weekly equivalent of earnings, before any adjustment for tax offsets. Multiply this amount by 13.

TAX OFFSETS

The withholding amount calculated using scales 2, 5, 6 or 7 of the formulas is reduced as follows:

- weekly – 1.9% of the total amount claimed at the tax offsets questions on the *Withholding declaration*, rounded to the nearest dollar
- fortnightly – 3.8% of the total amount claimed at the tax offsets questions on the *Withholding declaration*, rounded to the nearest dollar
- monthly – 8.3% of the total amount claimed at the tax offsets questions on the *Withholding declaration*, rounded to the nearest dollar, or
- quarterly – 25% of the total amount claimed at the tax offsets questions on the *Withholding declaration*, rounded to the nearest dollar.

MEDICARE LEVY ADJUSTMENT

A Medicare levy adjustment is not to be allowed where withholding amounts have been calculated using scales 1, 3, 4 or 5. The amount obtained using scales 2, 6 or 7 (after allowing for any tax offsets) is reduced by any amount of Medicare levy adjustment applicable.

PAYEES ENTITLED TO ADJUSTMENTS

A payee who has lodged both a completed *Withholding declaration* and a *Medicare levy variation declaration* may be entitled to a Medicare levy adjustment if they have weekly earnings of:

- \$352 or more where scale 2 is applied
- \$594 or more where scale 6 is applied, or
- \$355 or more where scale 7 is applied.

To claim the adjustment, the payee must answer 'YES' to question 10 on the *Medicare levy variation declaration* and 'YES' to question 9, and/or question 12 on the *Medicare levy variation declaration*.

HOW TO CALCULATE THE MEDICARE LEVY ADJUSTMENT

To calculate the Medicare levy adjustment, your software package will need to be able to distinguish those payees who have answered 'YES' to question 9 and 'NO' to question 12 of the *Medicare levy variation declaration* from those payees who have answered 'YES' to question 12.

Where payees have answered 'YES' to question 12, the software must be able to store the number of dependants shown at this question on the declaration.

You will need to calculate the weekly family threshold and shading out point before calculating the weekly levy adjustment for payees with weekly earnings of:

- \$414 or more where scale 2 is applied
- \$699 or more where scale 6 is applied, or
- \$418 or more where scale 7 is applied.

❗ Values used in the calculations below may be regarded as variables.

WEEKLY FAMILY THRESHOLD (WFT)

Scale 2 or scale 6 applied

- Where a payee has answered 'YES' to question 9 and 'NO' to question 12 on the *Medicare levy variation declaration*:
 $WFT = \$594.73 (30,926 \div 52)$ (rounded to the nearest cent).
- Where a payee has answered 'YES' to question 12 on the *Medicare levy variation declaration*, you need to:
 - (a) multiply the number of children shown at question 12 by 2,865 and add the result to 30,926
 - (b) divide the result of (a) by 52, and
 - (c) round the result of (b) to the nearest cent.

Example: If the payee has shown four dependent children at question 12:

$$WFT = ((2,865 \times 4) + 30,926) \div 52 \\ = 815.1154 \text{ or } \$815.12 \text{ (rounded to the nearest cent)}$$

Scale 7 applied

- Where a payee has answered 'YES' to question 9 and 'NO' to question 12 on the *Medicare levy variation declaration*:
 $WFT = \$599.92 (31,196 \div 52)$ (rounded to the nearest cent).
- Where a payee has answered 'YES' to question 12 on the *Medicare levy variation declaration*, you need to:
 - (a) multiply the number of children shown at question 12 by 2,865 and add the result to 31,196
 - (b) divide the result of (a) by 52 and
 - (c) round the result of (b) to the nearest cent.

Example: If the payee has shown two dependent children at question 12:

$$WFT = ((2,865 \times 2) + 31,196) \div 52 \\ = 710.1154 \text{ or } \$710.12 \text{ (rounded to the nearest cent)}$$

SHADING OUT POINT (SOP)

The shading out point relative to a payee's weekly family threshold is calculated as follows:

Multiply WFT by 0.1 and divide the result by 0.0850. Ignore any cents in the result.

Example: Payee has shown six dependent children at question 12 and scale 2 is applied:

$$WFT = ((2,865 \times 6) + 30,926) \div 52 \\ = 925.3077 \text{ or } \$925.31 \text{ (rounded to the nearest cent)}$$

$$SOP = (WFT \times 0.1) \div 0.0850 \\ = (\$925.31 \times 0.1) \div 0.0850 \\ = 1,088.6000 \text{ or } \$1,088 \text{ (ignoring cents)}$$

WEEKLY LEVY ADJUSTMENT (WLA)

Scale 2 applied

Where weekly earnings are \$352 or more but less than the SOP, the weekly levy adjustment is derived by applying the weekly earnings (x) expressed in whole dollars plus an amount of 99 cents (see 'Calculation of weekly earnings' on page 3), in the following formulas:

- (1) If x is less than \$414, $WLA = (x - 352.48) \times 0.1$
- (2) If x is \$414 or more but less than WFT, $WLA = x \times 0.0150$
- (3) If x is equal to or greater than WFT and less than the SOP, $WLA = (WFT \times 0.0150) - ((x - WFT) \times 0.0850)$

Scale 6 applied

Where weekly earnings are \$594 or more but less than the SOP, the weekly levy adjustment is derived by applying the weekly earnings (x) expressed in whole dollars plus an amount of 99 cents (see 'Calculation of weekly earnings' on page 3), in the following formulas:

- (1) If x is less than \$699, $WLA = (x - 594.73) \times 0.05$
- (2) If x is \$699 or more but less than WFT, $WLA = x \times 0.0075$
- (3) If x is equal to or greater than WFT and less than the SOP, $WLA = (WFT \times 0.0075) - ((x - WFT) \times 0.0425)$

Scale 7 applied

Where weekly earnings are \$355 or more but less than the SOP, the weekly levy adjustment is derived by applying the weekly earnings (x) expressed in whole dollars plus an amount of 99 cents (see 'Calculation of weekly earnings' on page 3), in the following formulas:

- (1) If x is less than \$418, $WLA = (x - 355.54) \times 0.1$
- (2) If x is \$418 or more but less than WFT, $WLA = x \times 0.0150$
- (3) If x is equal to or greater than WFT and less than the SOP, $WLA = (WFT \times 0.0150) - ((x - WFT) \times 0.0850)$

In each case WLA should be rounded to the nearest dollar.

Values ending in 50 cents should be rounded to the next higher dollar.

EXAMPLES

- 1 Payee's weekly earnings are \$369.33 and scale 2 is applied.
 $x = 369.99$
As x is less than \$414, WLA is calculated using formula (1):
 $WLA = (369.99 - 352.48) \times 0.1$
 $= 1.7510$ or \$2.00 (rounded to the nearest dollar).
- 2 Payee's weekly earnings are \$705.47 and the number of children claimed at question 12 is three. Scale 6 is applied.
 $x = 705.99$
 $WFT = ((2,865 \times 3) + 30,926) \div 52$
 $= 760.0192$ or \$760.02 (rounded to the nearest cent)
As x is greater than \$699 and less than WFT, WLA is calculated using formula (2):
 $WLA = 705.99 \times 0.0075$
 $= 5.2949$ or \$5.00 (rounded to the nearest dollar).
- 3 Payee's weekly earnings are \$832.29 and the number of children claimed at question 12 is four. Scale 7 is applied.
 $x = 832.99$
 $WFT = ((2,865 \times 4) + 31,196) \div 52$
 $= 820.3077$ or \$820.31 (rounded to the nearest cent).
 $SOP = (820.31 \times 0.1) \div 0.0850$
 $= 965.0706$ or \$965 (ignoring cents).
As x is greater than WFT and less than SOP, WLA is calculated using formula (3):
 $WLA = (820.31 \times 0.0150) - ((832.99 - 820.31) \times 0.0850)$
 $= 11.2269$ or \$11.00 (rounded to the nearest dollar).

FORTNIGHTLY LEVY ADJUSTMENT

Multiply rounded weekly levy adjustment by two.

Example: Payee's fortnightly earnings are \$1,395.52 and the number of children claimed at question 12 is one. Scale 2 is applied.

$$\begin{aligned} \text{Equivalent weekly earnings} &= \$1,395.52 \div 2 \\ &= \$697.76 \\ x &= 697.99 \\ WFT &= ((2,865 \times 1) + 30,926) \div 52 \\ &= 649.8269 \text{ or } \$649.83 \text{ (rounded to the nearest cent).} \\ SOP &= (649.83 \times 0.1) \div 0.0850 \\ &= 764.5059 \text{ or } \$764 \text{ (ignoring cents).} \end{aligned}$$

As x is greater than WFT and less than SOP, formula (3) is used:
 $WLA = (649.83 \times 0.0150) - ((697.99 - 649.83) \times 0.0850)$
 $= 5.6539$ or \$6.00 (rounded to the nearest dollar).

The fortnightly levy adjustment is therefore \$12.00 (\$6.00 \times 2).

MONTHLY LEVY ADJUSTMENT

Multiply rounded weekly levy adjustment by 13 and divide the result by three. The result should be rounded to the nearest dollar.

Example: Payee's monthly earnings are \$1,880.33 and has a spouse but no children. Scale 2 is applied.

$$\begin{aligned} \text{Equivalent weekly earnings} &= (1,880.33 + 0.01) \times 3 \div 13 \\ &= \$433.92 \\ x &= 433.99 \\ WFT &= \$594.73 \end{aligned}$$

As x is greater than \$414 and less than WFT, formula (2) applies:
 $WLA = 433.99 \times 0.0150 = 6.5099$ or \$7.00 (rounded to the nearest dollar).

The monthly adjustment is therefore \$30.00 (\$7.00 \times 13 \div 3, rounded to the nearest dollar).

QUARTERLY LEVY ADJUSTMENT

Multiply rounded weekly levy adjustment by 13.

GENERAL EXAMPLES:

- 1 Payee's weekly earnings are \$880.45. Payee has completed a *Tax file number declaration* claiming the tax-free threshold. The payee has also provided a *Medicare levy variation declaration* with five children shown at question 12. Scale 2 is applied.
 $x = 880.99$
Weekly withholding amount (y)
 $= (a \times x) - b$
 $= (0.3350 \times 880.99) - 147.3625$
 $= 147.7692$ or \$148.00 (rounded to nearest dollar)
Levy adjustment: weekly earnings are greater than WFT (\$870.21) and less than the SOP (\$1,023) appropriate to payee with five children. Formula (3) applies.
 $= (870.21 \times 0.0150) - ((880.99 - 870.21) \times 0.0850)$
 $= 13.0532 - 0.9163$
 $= 12.1369$ or \$12.00 (rounded to nearest dollar)
Net weekly withholding amount
 $\$148.00 - \$12.00 = \$136.00$
- 2 Payee's fortnightly earnings are \$885.30. Payee resides in Zone B, has provided a *Tax file number declaration* that claims the tax-free threshold and a *Withholding declaration* that claims zone and dependant tax offsets at the tax offsets questions that totals \$1,645. The payee has also lodged a *Medicare levy variation declaration* claiming a FULL exemption from the Medicare levy. Scale 5 is applied.
Convert to weekly equivalent
 $= (885.30 \div 2)$
 $= 442.65$ or \$442 (ignore cents)
 $x = 442.99$
Weekly withholding amount (y)
 $= (a \times x) - b$
 $= (0.1513 \times 442.99) - 31.1538$
 $= 35.8706$ or \$36.00 (rounded to nearest dollar)
Fortnightly withholding amount
 $\$36.00 \times 2 = \72.00
Tax offsets claimed at the tax offsets questions on the *Withholding declaration*
 $= 3.8\%$ of \$1,645
 $= 62.5100$ or \$63.00 (rounded to nearest dollar)
Net fortnightly withholding amount
 $\$72.00 - \$63.00 = \$9.00$
- 3 Payee's monthly earnings are \$3,530.33. Payee has provided a *Tax file number declaration* claiming the tax-free threshold and claimed a total dependant tax offset of \$1,365 at the tax offsets question on the *Withholding declaration*. The payee has one child but is not eligible for a Medicare levy adjustment. The weekly equivalent of the payee's earnings exceeds the Medicare levy shading out point of \$770 appropriate to a payee with one child. The payee is not eligible to receive leave loading, therefore scale 7 is applied.
Convert to weekly equivalent
 $= (\$3,530.33 + 0.01) \times 3 \div 13$
 $= 814.6938$ or \$814 (ignore cents)
 $x = 814.99$
Weekly withholding amount (y)
 $= (a \times x) - b$
 $= (0.3350 \times 814.99) - 149.4240$
 $= 123.5977$ or \$124.00 (rounded to nearest dollar)
Monthly withholding amount
 $\$124.00 \times 13 \div 3 = 537.33$ or \$537.00 (rounded to nearest dollar)
Dependant tax offset claimed
 $= 8.3\%$ of \$1,365
 $= 113.2950$ or \$113.00 (rounded to nearest dollar)
Net monthly withholding amount
 $\$537.00 - \$113.00 = \$424.00$

ACCOUNTING SOFTWARE

Software written in accordance with the formulas in this schedule should be tested for accuracy against the sample data provided on the following pages. You should only use such software if it produces the exact amounts shown in the tables. When the prescribed rates of withholding are varied, the above formulas will change.

SAMPLE DATA

Weekly withholding amounts

Weekly earnings	Amounts to be withheld

OTHER STATEMENTS OF FORMULAS

Statements of formulas for other classes of payees are also available. These include:

- *PAYG withholding – Statement of formulas for calculating HELP component* (NAT 2335)
- *PAYG withholding – Statement of formulas for calculating SFSS component* (NAT 3305)
- *PAYG withholding – Calculating HELP in conjunction with SFSS* (NAT 3539)
- *PAYG withholding – Special tax table for individuals seasonally employed in the horticultural industry* (NAT 1013)
- *PAYG withholding – Special tax table for individuals employed in the shearing industry* (NAT 1014)
- *PAYG withholding – Tax table for actors, variety artists and other entertainers* (NAT 1023)
- *PAYG withholding – Tax table for daily and casual workers* (NAT 1024)
- *PAYG withholding – Tax table for senior Australians* (NAT 4466).

➤ See page 11 for other tax tables and publications available and how you can access them.

TAX FILE NUMBER (TFN) DECLARATIONS

The answers payees provide on a *Tax file number declaration* (NAT 3092) primarily determines the amount to be withheld from payments. A *Tax file number declaration* applies to payments made after the declaration is provided to you. A later declaration provided by a payee overrides an earlier declaration.

If a payee does not give you a valid *Tax file number declaration* within **14 days** of starting a payer/payee relationship, you must fill in a *Tax file number declaration* with all available details of the payee and send it to the Australian Taxation Office (ATO).

If you have *Employment declarations* and/or *Annuity and superannuation pension declarations* that were valid at 30 June 2000, they will continue to be valid under PAYG.

NO TFN PROVIDED

You must use scale 4 where the amount to withhold is the top rate of tax plus the Medicare levy for residents and the top rate of tax for foreign residents (ignoring any cents) if a payment is made to a payee and the payee **has not**:

- quoted their TFN
- claimed an exemption from quoting, or
- advised that they have applied for a TFN or have made an enquiry with the ATO on their *Tax file number declaration*.

If a payee states at question 1 of the *Tax file number declaration* that they have lodged a *Tax file number application or enquiry* with the ATO, the payee has **28 days** to give you their TFN.

If the payee has not given you their TFN within **28 days**, you must withhold the top rate of tax plus the Medicare levy (residents) or the top rate of tax (foreign residents) from the total of the amount of all payments made to the payee (ignoring any cents) unless the ATO tells you not to.

❗ Do not allow for any tax offsets or Medicare levy adjustment. Do not add amounts for Higher Education Loan Program (HELP) or Student Financial Supplement Scheme (SFSS).

WITHHOLDING DECLARATIONS

A payee may use a *Withholding declaration* to advise their entitlement to tax offsets, which they choose to claim through reduced withholding. Payees can also use *Withholding declarations* to advise you of changes to their situation since providing a valid *Tax file number declaration*, which may affect the amount to be withheld from their payments.

Changes which may affect the amount to be withheld include:

- becoming or ceasing to be an Australian resident for tax purposes
- claiming or discontinuing a claim for the tax-free threshold
- advising a HELP or SFSS debt, or changes to them
- entitlement to a senior Australians tax offset
- upward variation to increase the rate or amount to be withheld.

A *Withholding declaration* takes effect from the first payment you make after the payee has provided the declaration. A later declaration provided by a payee overrides an earlier declaration.

❗ A valid *Tax file number declaration* (or *Employment declaration* or *Annuity and superannuation pension declaration*) must be in place before a payee can authorise you to vary their withholding by providing a *Withholding declaration*.

MEDICARE LEVY ADJUSTMENT

To claim the Medicare levy adjustment available to some low income earners with dependants, a payee must lodge a *Medicare levy variation declaration* (NAT 0929) along with their *Tax file number declaration*.

Some payees may be liable for an increased rate of Medicare levy or the Medicare levy surcharge as a result of new income tests. These payees can lodge a *Medicare levy variation declaration*, requiring you to increase the amount to be withheld from payments you make to them.

➤ For instructions on how to calculate the Medicare levy adjustment, see page 4 of this schedule.

ALLOWANCES

Generally, allowances are added to normal earnings and the amount to be withheld is calculated on the total amount of earnings and allowances.

➤ Refer to *PAYG bulletin no 1 – Taxing of allowances for the 2000/01 and future income years*.

FOREIGN RESIDENTS

Foreign resident tax rates apply where a payee has answered 'NO' to the question 'Are you an Australian resident for tax purposes?' on their *Tax file number declaration*.

There are two ways to withhold from earnings for a foreign resident:

- if the payee has given you a valid TFN, use scale 3
- if the payee has not given you a valid TFN, use scale 4.

❗ Non-resident payees generally cannot claim tax offsets. They may be entitled to claim a zone or overseas forces offset in limited circumstances. If a non-resident payee has claimed any tax offsets on the *Tax file number declaration*, do not make any adjustments to the amount to be withheld.

HELP AND SFSS DEBTS

Individuals with an accumulated HELP or Student Financial Supplement Scheme (SFSS) debt may be required to have additional amounts withheld from payments you make to them to cover their anticipated compulsory HELP or SFSS repayment. A payee with a HELP or SFSS debt will notify you of those details on their *Tax file number declaration* or *Withholding declaration*.

➤ Use the HELP weekly, fortnightly or monthly tax tables to calculate the additional amounts to be withheld for HELP debts.

➤ Use the SFSS weekly, fortnightly or monthly tax tables to calculate the additional withholding amounts for SFSS debts.

Payees who are entitled to a reduction of Medicare levy or do not have to pay the Medicare levy because of low family income, will not have to make a compulsory HELP or SFSS repayment for that year. The exemption from making a compulsory HELP or SFSS repayment may be claimed on the *Medicare levy variation declaration*.

HOLIDAY PAY, LONG SERVICE LEAVE AND EMPLOYMENT TERMINATION PAYMENTS

Payees who continue working for you

For withholding purposes, you must include holiday pay (including any leave loading) and long service leave payments as part of normal earnings, except when they are paid on termination of employment. Payment for leave loading is subject to withholding if it exceeds the current threshold of \$320. Only that part of the payment which exceeds this threshold should be subject to withholding, unless your payee asks you to withhold from the full amount.

- Refer to *PAYG withholding – calculation sheet – holiday and long service leave payments for continuing employment* (Index No. 6209).

Payees who cease working for you

Lump sum payments made when a payee ceases working for you are not covered by this schedule.

If a payee has unused annual leave, leave loading or long service leave, see *PAYG withholding – Tax table for unused leave payments on termination of employment* (NAT 3351).

Any other payments made may be employment termination payments and you should refer to *PAYG withholding – Tax table for employment termination payments* (NAT 70980).

- ❗ Do not withhold any amount for HELP or SFSS debts from lump sum termination payments.

WITHHOLDING AMOUNTS FOR LOW INCOME PAYEES

Withholding amounts have been adjusted to allow payees who are eligible for the low income tax offset (LITO) to receive half of their entitlement through decreased withholding. If the payee is eligible, they will receive the balance of their entitlement when they lodge their tax return.

From 1 July 2010, the maximum amount of LITO will increase from \$1,350 to \$1,500.

FAMILY TAX BENEFIT (FTB)

Family tax benefit can no longer be claimed through the tax system. FTB claims should be made through the Family Assistance Office.

TAX OFFSETS

Payees who choose to claim their entitlement to a tax offset through reduced withholding, must provide you with a *Withholding declaration*. Tax offsets include:

- dependent spouse
- zone
- parent, spouse's parent or invalid relative
- housekeeper, and
- child-housekeeper.

See 'Tax offsets' on page 4 to convert the payees annual tax offset entitlement into a weekly, fortnightly, monthly or quarterly value.

- ❗ Do not allow for any tax offsets where no tax-free threshold is claimed or foreign resident rates used, or when no TFN has been provided.

Resident income tax rates from 1 July 2010 (not including Medicare levy)

Taxable income range \$	Tax rate %
0 to 6,000	0
6,001 to 37,000	15
37,001 to 80,000	30
80,001 to 180,000	37
Greater than 180,000	45

PAYG WITHHOLDING PUBLICATIONS

All PAYG withholding tax tables and other PAYG publications can be accessed quickly and easily from www.ato.gov.au

Copies of weekly and fortnightly tax tables are available from most newsagents. Newsagents also hold copies of the *Tax file number declaration* and the *Withholding declaration*.
